*The Original*

Luna Di Luna, the Original Italian Blends, originated from the simple idea that great taste, quality and value can blend together perfectly in one delicious bottle of wine.

The roots of Luna Di Luna are firmly planted in the picturesque vineyards of the legendary Tre-Venezie region of northeastern Italy. With a rich winemaking tradition and inventive spirit the Tre-Venezie produces some of the best and most loved wines in the world. It is this blend of heritage and spirit that inspired a revolution in winemaking that became Luna Di Luna.

Knowing that casual wine drinkers want great tasting, quality wines at a good price Luna Di Luna revolutionized the everyday wine experience by being one of the first Italian wines to blend together Chardonnay and Pinot Grigio. In combining these two popular varietals Luna Di Luna showcased the best of each grape and created a more enjoyable, easy to drink wine. The iconic cobalt blue bottle was the perfect finishing touch for this inventive, playful blend and The Original was born. The irresistible taste, consistent quality and friendly, eye-catching style earned Luna Di Luna a loyal following, numerous awards and inspired a Merlot Cabernet blend in the brilliant red bottle.
